Mare's Pre-breeding Examination: The mare owner and mare owner's veterinarian will have the sole responsibility of determining the optimal breeding dates. **ESH** will arrange to collect, analyze, package, and ship sufficient chilled semen for one breeding cycle to meet mare owner's breeding schedule provided at least **24 hrs** notice is given. Mare owner realizes and accepts that the stallion may be shown during the breeding season and might, on occasion, be unavailable for collection. It is the mare owner's responsibility to check on the availability of the stallion.

**IL FILOU
Stallion Service Agreement (Transported Semen)**

Insemination: The mare owner will ensure that insemination is performed by a veterinarian or technician that is familiar with the procedure. The mare owner also guarantees that semen will be used only on the mare named in this contract.

Mare's Post-Breeding Examination: The mare owner will ensure that the mare is examined by a veterinarian between **14 and 18 days** and again between **60-75 days** after insemination. If the mare is not in foal at any of these examinations, the stallion owner must be contacted to arrange shipment of semen for the next estrus cycle. Failure to do so will void the live foal guarantee.

Care of Mare: Mare owner will ensure that the mare is properly cared for and will receive all necessary deworming, vaccinations and veterinary care during pregnancy. Failure to comply will void the Live Foal Guarantee.

Service Certificates: ESH will complete all necessary paperwork required on the stallion owner's part to facilitate registration of foal.

Live Foal Guarantee: Should the mare fail to conceive, die, or not produce a live foal, the mare owner shall have the option of re-breeding this mare or a substitute mare (upon approval of ESH) during the next breeding season. A live foal is defined as a foal which stands and nurses without assistance for 48 hours after birth. A veterinarian's statement confirming loss of the foal is required.

Change in Fitness to Breed: In the event the above-named stallion dies or becomes unfit for service before collection is made, this contract shall become null and void and the stud fee will be returned. In the event the above-named stallion dies or becomes unfit for service after collection(s) have been made and the mare is confirmed not in foal, this contract shall become null and void and the stud fee will be returned.

Semen Delivery: ESH and their veterinarian cannot be responsible for any delays or failures in semen delivery outside of their immediate control.

Right of Refusal: ESH reserves the right to refuse service to any mare or cancel this agreement without notice and without recourse to mare owner if said mare habitually aborts, has been bred any two consecutive years without producing a live foal, becomes ill or injured (does not include neglect). In such case, the stud fee (less booking fee) shall be refunded to mare owner.

Agreement of Parties: This agreement represents the entire agreement between the parties. No other agreement or promises verbal or implied are included unless specifically stated. This contract is made and entered into in the Province of Alberta and will be interpreted under the laws of this Province.

Signatures: This contract has been executed in duplicate and when signed by both parties will be a binding contract on both parties, subject to the above terms and conditions.
